SECRETARY TO GOVERNMENT DEVELOPMENT DEPARTMENT

R.C.No.5628/48.X.4. dated 15-2-49.

Sir,

Sub. PROHIBITION - Amelioration - Employment of Ex-tappers - Organisation of a cooperative society at Coir working at Ullal - South Kanara District - Proposals submitted

Ref. From the Special Development Officer, Mangalore, R.C.No. 12742/48 dated 14-12-1948.

In pursuance of the instructions issued to the Special Development Officers to organise cottage Industries cooperative societies for the benefit of ex-tappers, the Special Development Officer, Mangalore, has submitted a scheme for the formation of a coir workers' cooperative society at Ullal in South Kanara District.

2 It is proposed to organise a cooperative society for the manufacture of coir goods at Ullal, where the Department of Industries and Commerce conducted a Coir factory unit last year. Ex-Tappers and others will be admitted as members of the society and it is proposed to run a training unit under the auspices of the society. 48 members (24 men and 24 women) will be trained in the manufacture of superior variety of coir yarn. The period of training will last for 2 months and the trainees will be given a stipend of Rs.15/- each per month during the period of training. 2 sheds will be erected to accommodate 12 persons each. An instructor will be appointed to impart training to the members and he will be continued in the society even after the training is over, at least for a period of one year in all, to supervise and guide the work of the members and to train them in the manufacture of superior coir articles. To give training to the lady members of the society the Director of Industries and Commerce will be requested to spare the services of the Lady Instructor who is teaching improved methods of manufacturing coir yarn to the Muslim women at Ullal at present. The Director of Industries and Commerce will be requested also to transfer such of the tools and implements and coir fibre belonging to the deferent coir factory run by his department at Ullal as are available with him to the proposed society at book value or market rates which ever is less. A manager is also necessary to look after the affairs of the society and attend to its clerical work. After the training is over, the trainees will be employed by the society in the manufacture of coir yarn. Even others who are willing to join the society later will be admitted as members and the necessary training will be given to them by the Instructor without however, any stipend being paid to them. The following expenditure has to be incurred for conducting the training unit:-

NON-RECURRING:-

1. Construction of sheds @ 1250/- each.	Rs.2500/-
Cost of 8 Rattes @ Rs.60/-	480/-
3. Cost of sundry tools.	50/-
4. Cost of fibre required for conducting the training.	1370/-
Total.	4400/-

P.T.O.

RECURRING:-

1. Pay of an Instructon (1..75 x 12)	90 /-
2. Pay of a Mandor for 6 months (50 x 6)	300/-
3. Contingencies for 6 months at a lumpsum	100/-
4. Stipend @ Rs.15/--P.M. for 48 trainees for 2 months.	1440/-
Total....	Rs. 2740/-

3 The Social Development Officer has reported that the share of it that can be collected from the members of the only small one the proposed society will not be able to cot the expenditure for conducting the training without Government subsidy.

4 I request that Government may be pleased to approve the scheme and sanction a subsidy of Rs.7150/- (Rs.4410/- towards non recurring expenditure and Rs.2740/- towards recurring expenditure) to the coir workers' society proposed to be formed at Ullal.

After Government approve the scheme, the society will be organised.

DEPARTMENT OF INDUSTRIES AND COMMERCE.

NO.1778-S.4./49 dated 4th April 1949. 27132

From -
Sri.P.Govinda Menon, B.E.,
Joint Director of Industries
and Commerce, Chepauk, Madras.

To
The Secretary to Government,
Development Department,
Fort.St.George, Madras.

Sir,

Sub:- Prohibition - Amelioration - Employment of Ex-toppers - organisation of a Co.op.society for Coir making at Ullal - S.Kanara Dist - proposals - regarding.

Ref:- Government Endorsement No.18344-B.1/49-1 dated 3-8-49.

This Department opened a Coir Factory at Ullal in S.Kanara in March 1946 and as the local coir workers who are mostly muslim women, who observe purdah did not take any interest in the factory it was closed in Nov.47. Since then a coir demonstrator-a muslim woman trained in the Government Coir School, Beypore-appointed by this department is working in Ullal going from house to house and giving training to muslim women workers in the use of the charka to produce standard Coir Yarn.

2. The proposals contained in the letter No.R.C.5623/48-X.4 dated 15-2-49 of the Registrar of Co.op. Societies, Madras, copy forwarded to me by Government with their endorsement cited are for the formation of a coir workers' Co.op.Society at Ullal for the benefit of ex-toppers. The estimates of expenditure furnished by the Registrar of Co.op.Societies are revised as below.

I. Non-Recurring Expenditure:-

		Rs
1.	Construction of 2 sheds (100' X 20') @ Rs.800/- each.	1600
2.	Cost of 8 sets of charkas @ Rs.25/- per set	200
3.	Cost of 1 willowing machine.	250
4.	Cost of sundry tools and implements	100
5.	Coir fibre required for conducting the training	1000
	Total	Rs.3150

II. Recurring Expenditure:-

		Rs
1.	One Instructor on Rs.30+19(DA) for 1 year	588
2.	One clerk on Rs.30+19 (DA) for 6 months	294
3.	Contingencies for 6 months.	100
4.	Stipends @ Rs.15/- p.m. each for 48 trainees for 2 months.	1440
	Total	Rs. 2422

3. An amount of Rs.1600/- should suffient for putting up 2 sheds (100' X 20' each) as similar sheds are usually being constructed at that cost in Malabar. The cost of a set of charka or Ratta is only Rs.25/- and hence the provision in respect of this is reduced accordingly. Any Coir Unit should possess a willowing machine for cleaning fibre and as provision has not been made in the estimates, I have included a willowing machine, the cost of which will be Rs.250/-. The amount of Rs.60/- provided for sundry tools is not sufficient the same has been increased to Rs.100/-.

P.T.O.

62/2594

4. An Instructor on Rs. 75 p.m. does not appear to be necessary as similar Co.op. Societies at Pavaratty and Palayoor in the Malabar Dt. have engaged instructors @ Rs. 30+ DA. An instructor on Rs. 30 + 19 (DA) therefore appear to be sufficient. Similarly instead of the post of Manager on Rs. 50/- p.m. a clerk on Rs. 30 + 19 (DA) p.m. for attending to the correspondence and other work has been provided for. The provision for contingencies and stipends @ Rs. 15/-p.m. each for 48 trainees for two months are necessary.

5. On a reference from the Registrar of Co.op. Societies, Madras I have agreed to transfer some of the equipments, tools, raw materials etc belonging to the former Coir Factory at Ullal to the proposed society at Book value only and I have also agreed to spare the services of the lady coir demonstrator of this department at Ullal for a period that may be necessary for training the lady members of the proposed society.

6. Administrative supervision of the Society may be entrusted to the Special Development officer or the Dy. Registrar of Co.op. Societies, Mangalore. The necessary technical assistance will be given by this department.

A total subsidy of Rs. 5572 may therefore be sanctioned to the Society.

No. R.C. 5628/48 X.4 Dated 15-6-1949.

Sir,

FIRST ASST. SECRETARY TO GOVERNMENT
17 JUN 1949
DEVELOPMENT DEPARTMENT

Sub:- Prohibition - Amelioration - Organisation of a Cottage Industries Cooperative Society for coir making at Ullal South Kanara district - Subsidy sanction of.

Ref:- 1. Government Endorsement No: 18344 B.I/49-2 dated 22-4-49.
2. From the Special Development Officer, Mangalore R.C. 12942/48 dated 26-5-1949.

The Special Development Officer, Mangalore has reported that the promoters of the proposed society agreed to the revised estimates as suggested by the Director of Industries and Commerce in his letter No. 1778-S.4/49 dated 4-4-1949 except for the following 2 items:-

1. Cost of construction of sheds: The Director of Industries and Commerce stated that Rs. 1600 should be sufficient for putting up 2 sheds (100' x 20' each) as similar sheds were being constructed at that cost in Malabar. The Special Development Officer, Mangalore has reported that a close examination of the materials required for the construction of the sheds, showed that each shed would require about 2000 laterite stones, 300 bamboos, 1250 cadjan leaves, 540ft. of casurina beams, besides coir, lime, etc. which would cost approximately Rs. 1000/-. Labour and other charges would come to about Rs. 500/- and the total cost of construction of each shed is estimated at Rs. 1500/-. The Special Development Officer has also stated that he consulted some of the private contractors, who quoted even a little larger amount, and that the sum of Rs. 1250/- requested in the original proposals, is the minimum amount that will be required for constructing a shed. He has requested that a sum of Rs. 2500/- may be sanctioned towards the cost of construction of the 2 sheds.

2. The Director of Industries and Commerce stated that an Instructor on Rs. 30 plus 19 Dearness Allowance would be sufficient. The Special Development Officer has stated that there are no persons trained in coir making, available locally and that an Instructor has to be got from outside the district. It will not be possible to do so unless the instructor is paid a salary of not Rs. 30 per mensem. The Special Development Officer has requested that atleast a sum of Rs. 45 plus the usual dearness allowance may be sanctioned. In this connection, he has stated that if the Industries Department could provide an Instructor on a salary of Rs. 30/- per mensem there will be no difficulty in accepting the suggestion of the Director of Industries and Commerce.

P.T.O

3. I agree with the Special Development Officer and request that Government may be pleased to sanction a sum of Rs. 2500/- towards the cost of construction of the sheds, and Rs. 45 + 22 towards the pay of an Instructor for a period of one-year as against Rs. 1600/- and Rs. 30 + 19 suggested by the Director of Industries and Commerce respectively.

4. As regards the transfer of some of the equipments, tools and raw materials belonging to the former coir factory at Ullal, to the proposed society, at book value only, the Special Development Officer has stated that the book-value of the fibre is much more than the rate prevailing in the local market. While the local market rate per maund of fibre is about Rs. 4-8-0 to Rs. 5/- the price quoted by the Director of Industries and Commerce is Rs. 8/- per maund. Therefore, the Special Development Officer has stated that the society will purchase fibre locally, if the fibre with the Director of Industries and Commerce cannot be transferred at market rate. I request that Government may be pleased to order the transfer of the material with the Director of Industries and Commerce at market rates instead of at book value, as suggested by him.

Memo.No.18344 B.I/49-4 dated 20.7.49

Sub: Prohibition - Amelioration - Employment of ex-tappers and ex-addicts - South Kanara District - Ullal - Organisation of a Cottage Industries Co-operative Society for Coir making - Subsidy - Sanction.

Ref: From the R.C.S. Rc.No.5628/48.x.4 dated 15.2.1949.
" D.I & C.No.1778 S.4/49 dated 4.4.1949.
" R.C.S. Rc.5628/48.x.4 dated 15.6.1949.

The R.C.S. has stated that the sum of Rs.1250/- provided for in his proposals for the organisation of a Cottage Industries Co-operative Society for Coir making at Ullal is the minimum required for the construction of a shed. In the case of the Cottage Industries Co-operative Societies at Palayoor and Paraparatty in the Malabar district, only a subsidy of Rs.800/- per shed has been proposed by the D. I & C. There seems to be no reason why the subsidy payable in respect of each shed in the proposed Cottage Industries Co-operative Society for Coir making at Ullal should exceed the sum of Rs.800/- although the R.C.S. has justified the estimate of Rs.1250/- per shed in his letter third cited. It has been suggested that the society should, if it requires a shed costing more than Rs.800/- meet the extra cost from its own funds.

2. The pay of the instructor in the society at Palayoor proposed admitted for purposes of Govt. subsidy is Rs.30 plus 19(D.A.) when an instructor can be got in the Malabar District on Rs.30 plus 19 (D.A) it should not ordinarily be impossible to find one on the same pay in the South Kanara District. It has therefore been suggested that the pay and D.A. may be limited at least for the purpose of paying subsidy to Rs.30 plus 19 (D.A.), the excess over this rate being met from Society's funds.

3. In the case of the Palayoor Co-operative Society, the employment of the instructor for a period of 6 months was provided to help the members to produce marketable goods although the instruction was for 2 months. It has therefore been suggested that provision for the employment of the instructor in the Co-operative Society at Ullal

and
for one year is excessive/that it may be limited to 6 months.

4. The R.C.S. is requested to offer his remarks on the above suggestions.

2. As regards the pay of the Instructor to be employed by the proposed society, the District Industries Officer, has recommended in his letter fe referred to above that pay may be fixed in the scale of Rs.45-2½-60 exclusive of dearness allowance as against Rs.30 plus dearness allowance of Rs.19 recommended by the Director of Industries and Commerce. It is not possible to secure an Instructor for a pay of Rs.30/- plus Rs.19/- D Dearness Allowance. In this connection I enclose a copy of the letter dated 22-8-1949 of the promoters of the society addressed to the Special Development Officer, Mangalore on this subject.

3. The promoters of the society have agreed to the suggestion contained in para 3 of the Government Memorandum cited.

4. In the circumstances, explained above I request that a subsidy of Rs.2,500/- towards the cost of construction of 2 sheds at Rs.1,250/- each and Rs.402/- towards the pay of an Instructor at Rs.45/- plus 22 dearness allowance per month for a period of six months, may be sanctioned.

Ref:-Your D.O. letter No.Rc.12942/48, dated 9-9-1949.

--xx--

The probable cost for constructing a shed of 100' x 20' at Ullal for the establishment of training centre in Coir Industry as per specifications detailed in your letter cited, will be Rs.2300/- The sheds will comprise two feet basement, of 1'-3" width, a two feet parapet wall of 9" wide all round and 1'-6" square pillers 12'-0" high at 10'-0" apart of laterite construction. The roofing will be of cadjan leaves with casurina rafters to withstand strong breeze as it is proposed to be erected near the sea shore.

The pay of the Instructor to be employed may be fixed in the scale of Rs.45-2½-60 exclusive of dearness allowance per month.

Sub:-PROHIBITION - Amelioration - Organisation of cottage Industries Society - for Coir making subsidy -

---

We have been authorised by the promoters of the proposed Ullal Coir Workers Cooperative Society to communicate to Government their reactions to the G.O.No. 18344/BI/49.A, Development Department, dated 20-7-1949 wherein the Government have refused to sanction the modest estimates submitted to Government in respect of construction of sheds and remuneration of the Instructor. The subsidy sanctioned by Government in the G.O. cited ~~perhaps~~ appears to be based on conditions prevailing in Malabar. The Government have been acquainted more than once with actual condition prevailing in South Kanara. They vary from place to place and there is absolutely no comparison between the conditions in South Kanara and those in Malabar. The promoters are definitely of opinion that the amount sanctioned is too low to be of any use. There are no ~~no~~ persons willing to undertake the construction of the sheds for anything less than the estimates already submitted. They also submit to Government that there are no instructors in Ullal willing to take up the appointment on Rs.30/- plus Rs.19/- D.A. Outsiders demand Rs.45/- plus the usual D.A. admissible to Government servants. It is suggested, that the difference between the estimates and the amount sanctioned by Government may be spent out of the funds of the society. The proposed society is intended for the poor and the promoters do not expect to raise large amount by way of share capital. The members are too poor to pay even the normal share capital. ~~The~~ Further the society if organised will be more of a training centre than a business institution for the first two years and as such not much can be expected by way of profit. It is a foregone conclusion that the society cannot defray the additional cost out of the funds of the society. The promoters therefore submit to Government that they are unable to take up the work and other responsibility of the proposed society in view of the cut in grant asked for. They have however no

EXPLANATORY NOTE.

The R.C.S submitted a proposal for the organisation of a Co-operative Society for Coir Making at Ullal in the South Kanara District for the benefit of ex-tappers and for running a training unit under the auspices of the Society. According to the proposal 48 members (24 men and 24 women) will be trained in the manufacture of superior variety of coir yarn for a period of 2 months and they will be given a stipend of Rs.15/- each p.m. during the period of training. An Instructor will be appointed for a period of 6 months on Rs.45/- plus Rs.22/- D.A. to impart training to the candidates and to train them in the manufacture of superior coir articles. To give training to the lady members of the Society, the Director of Industries and Commerce will be requested to spare the services of the Lady Instructor who is teaching improved methods of manufacturing coir yarn at Ullal at present. The following items of expenditure have to be met by the Society:-

..... P.T.O.

25/16

	Rs.
NON-RECURRING:	
1. Construction of 2 sheds at Rs.1250 each	2,500
2. Cost of 8 sets of charkas at Rs.25/- per set	200
3. Cost of one willowing machine	250
4. Cost of sundry tools and implements	100
5. Coir fibre for conducting the training	1,000
	4,050
RECURRING:	
1. One Instructor on Rs.45/- plus Rs.22/- D.A. p.m. for 6 months:	402
2. One Clerk on Rs.30 plus Rs.19 D.A. for 6 months	294
3. Contingencies for 6 months	100
4. Stipend at Rs.15/- p.m. for 48 trainees for 2 months	1,440
	2,236

As the Society will not be able to meet the expenditure from its share capital, the Regr. has recommended that the Society may be paid a subsidy of Rs.4,050/- towards non-recurring expenditure and a subsidy of Rs.2,236/-, towards recurring expenditure. It has been ordered in circulation to H.M.(Prohn.) and H.M.(Fin.) that the proposal may be brought forward as a Part II Scheme for 1950-51. It is therefore proposed to make provision in the budget estimate for 1950-51 as indicated in the summary above.

Govt. Memo.No.18344 BI/48-4 Dev. d/20.7.49
From the R.C.S. Rc.5628/48 X4 d/8.10.49.

G.O. Ms. No. 1505 dated 14.4.1950.

H.E. the Governor approves the proposals of the R.C.S. for the organisation of a coop. society for Coir making at Ullal in the South Kanara Dist. for the benefit of ex-toppers and for running a training unit under the auspices of the society and sanctions the payment to the Society during 1950-51 of a ~~non-recurring~~ subsidy of Rs.4050/- (Rupees four thousand and fifty only) to meet the non-recurring expenditure and a ~~recurring~~ subsidy of Rs. 2,236/- (Rupees two thousand two hundred and thirty six only) to meet the recurring expenditure ~~to the society~~ as shown below:-

NON-RECURRING:	Rs.
1. Construction of 2 sheds at Rs.1250 each:	2,500
2. Cost of 8 sets of charkas at Rs.25/- per set:	200
3. Cost of one willowing machine:	250
4. Cost of sundry tools and implements:	100
5. Coir fibre for conducting the training:	1,000
	4,050

RECURRING:	
1. One Instructor on Rs.45/- plus Rs. 22/- D.A. p.m. for 6 months:	402
2. One clerk on Rs.30 plus Rs. 19 D.A. for 6 months:	294
3. Contingencies for 6 months:	100
4. Stipend at Rs. 15/- p.m. for 48 trainees for 2 months:	1,440
	2,236

2. The Director of Industries and Commerce is requested to transfer such of the equipment, tools and raw materials belonging to the former coir factor

as are available with Him

at Ullal ~~referred to in his letter cited~~ to the proposed society at the market rate, and to spare the~~ir~~ services of the lady Coir demonstrator of the Industries Deptt at Ullal for giving training to the lady members of the society.

Development Department (BI).

Prohibition - Amelioration - Employment of Ex-tappers - Organisation of a Co-operative Society for Coir making at Ullal - South Kanara district.
From the R.C.S. R.C.No. 5628/48 X4 dated 15-2-1949.
From the Joint D.I. and C. No. 1778-S.4/49 dated 4-4-49

To A.S.

Please see the R.C.S.'s letter on pp 1-2 c.f., the Endt. to the D.I. and C on p 2 c.f. and the Jt. D.I. and C.'s. letter on pp 3-4 c.f.

2. The R.C.S. has submitted proposals for the organisation of a Coir workers Co-operative Society at Ullal, South Kanara district for the benefit of the ex-tappers and for running a training unit under the auspices of the society. It is proposed to impart training to 48 (24 men and 24 women) members in the manufacture of superior variety of coir yarn and to give a stipend of Rs.15/- each per mensem during the training period. It is also reported that the society will not be able to meet the expenditure as from the share capital (which it can collect will be very small). The R.C.S. has recommended that the Govt may be sanctioned a subsidy of Rs.7150/- (Rs.4410/- towards non-recurring expenditure and Rs.2740/- towards recurring expenditure)

3. The D.I. and C. to whom the proposals were referred for remarks has suggested some alterations in the items of expenditure proposed by the R.C.S. The items of expenditure as proposed by the R.C.S. and as proposed by the Jt. D.I. and C. are shown in tabular columns below:

As proposed by the R.C.S.		As proposed by the Jt. D.I. & C
Non-Recurring.	Rs.	Rs.
1. Construction of 2 sheds at Rs.1250/- each	2500	Construction of two sheds (100'x20') at Rs.800/ each. 1600
2. Cost of 8 Rattas at Rs.60 each.	480	Cost of 8 sets of Charkas at Rs.25/- per set 200
3.		Cost of one willowing machine 250
4. Cost of sundry tools.	60	Cost of sundry tools and implements. 100
5. Cost of fibre for conducting the training	1370	Coir fibre required for conducting the training 1000
	Rs 4410	Rs 3150

p. 10

Recurring Expenditure.

	Rs.		Rs.
1. Pay of an instructor (Rs.75x12)	900	One instructor on Rs.30+19 (D.A.) for one year	588
2. Pay of a manager for 6 months (50x6)	300	One clerk on Rs. 30+19 (D.A.) for six months.	294
3. Contingencies for 6 months at a lump sum	100	Contingencies for 6 months	100
4. Stipends at Rs.15 p.m. each for 48 trainees for 2 months	1440	Stipends at Rs.15/- per months for 48 trainees for 2 months	1440
	2740		2422

The Jt. D.I.and C. has considered that an amount of Rs.1600/- should be sufficient for putting up 2 sheds (100'x20' each) as similar sheds are usually being put up at that cost in Malabar. He has reduced the provisions in respect of charkas as the cost of a set of charka or Ratta is reported tobe Rs.25/- each. He has made provision for a willowing machine as any Coir unit should possess a willowing machine for cleaning fibre. He has provided for a sum of Rs.100/- for tools and implements under Non-recurring Expenditure as the sum of Rs.60 provided for by the R.C.S. is considered to be insufficient. Further he has remarked that instead of an instructor of Rs. 75/- p.m., an instructor on Rs.30+19 (D.A.) p.m. is sufficient as similar co-operative Societies at Pavaratty and Palayoor in the Malabar district have engaged instructors on 30+19 (D.A.) and that instead of a Manager on Rs.50/- p.m. a clerk on Rs.30+19 (D.A.) may be appointed for attending to the correspondence and other work. The Jt. D.I.and C. has recommended that a subsidy of Rs.5572/- as detailed on pp 1-2 above may be sanctioned. He has also agreed to transfer some of the equipments, tools, raw materials etc. belonging to the ~~proposed~~ former Coir factory at Ullal to the proposed society at book value and to spare the services of the lady coir demonstrator of the Industries department at Ullal for giving training to the lady members. For orders whether the Jt. D.I.C.'s recommendations will be accepted. Subject to orders, a draft order is submitted for approval.

Fin. may bee for remarks.

16.4.47 16.4.47

With ref: to the orders of A.S. on the margin of p 2 ante a draft Estdt is submitted for approval on p 4 cf.

Rs 21:4:47 DS 22.4.47

Issued as Estdt No 18344 Bi/47-2 Dev dated 22.4.47:
from the R.C.S. Letter No RC 5628/48 X4 dated 15.6.47

Va N.S.

Notes from p 1 ante, and the R.C.S's further reference on pp. 5-6 cf may be perused.

2. The R.C.S has stated that the revised estimates suggested by the D.Dev are acceptable except in regard to the following

(i) The sum of Rs 1250/- requested in his original proposals vs. the minimum required for the construction of a shed in South Kanara and a sum of Rs 2500 may be provided for the construction of 2 sheds

(ii) An instructor trained in coir making has to be obtained from outside the district as no instructor is locally available. A sum of Rs 45 plus Rs 22 D.A has to be provided towards his pay.

3. As regards the transfer of some of the equipments, tools and raw materials belonging to the former Coir factory at Tellak to the proposed Society, the R.C.S says that the Special Dev Officer has stated that the book-value of the fibre quoted by the D and C is much more than the rate prevailing in the local market. The R.C.S therefore requests the Govt to revise

the transfer of the material with the D I and C at market rate instead of at cost value as suggested by the D I and C. For orders

4. The estimate of expenditure as finally accepted by the Res is as follows

	Non. Recurring.	
1.	Construction of 28 sheds at Rs 1250 each	2500
2	Cost of 8 sets of Charkas at Rs 25 ~~each~~ set	200.
3	Cost of one twilling machine	250
4	Cost of Sundry tools and implements	100
5	Coir febre for Conducting the training.	1000
		4050.

Total 4050

	Recurring.		
1.	One Instructor on Rs 45 + 22 DA p.m. for one year	804.	Extra 3, p 6 Ct
2	One Clerk on Rs 30 + 19 DA for 6 months	294.	
3	Contingencies for 6 months	100	
4	Stipends at Rs 15/- per month for 48 trainees for 2 months	1440	X on p 2 n bore
	Total	2638	2638

6688

For orders whether a Subsidy of Rs 4050/- towards Non-Recurring expenditure and of Rs 2638/- towards Recurring expenditure will be sanctioned to the Coir Workers Co-operative Society proposed to be formed at Vellai South Kanara District for training 2 batches of 24 each

5. ~~Yours~~ may see for remarks.

Scheme as accepted by the Res may be supported

FINANCE DEPARTMENT

Fin (Exp A)

The file relates to the organisation of a co-operative Society for coir making at Ullal in the South Kanara District for ex-tappers

P 4 above

It is proposed to sanction a subsidy of Rs 6.688/- to the Society to enable it to meet the non recurring and recurring charges for running it. The details for the expenditure are given below:

P 4 above

Non recurring	Rs.
1. Construction of 2 sheds @ Rs 1250/- each	2.500/-
2. Cost of 8 sets of charkas @ Rs 25/- per set.	200
3. Cost of one willowing machine	250
4. " sundry tools etc.	100
5. " coir fibre for conducting training	1000
Total.	4050
	- 900
	3150

Recurring

1. One Instructor on Rs 45/- per pm for one year.	804

P.T.O.

Cost of one clerk on Rs 30 + 19 for six months	294
Contingencies for six months	100
Stipends at Rs 15/- p.m. for 18 trainees for 4 months	1440
	Rs 2638
	510
	2128
Grand total (Non recurring + recurring) Rs.	6.688

2. Construction of sheds.

It is submitted that the D.I.C. who was consulted on the proposals has recommended only a subsidy of Rs 800 per shed. In the case of the Coir co-operative societies at Palayoor and at Pavaratty, both in the Malabar District, this same rate of subsidy per shed has been proposed. In view of this there seems to be no reason why the subsidy payable in respect of each shed should exceed the sum of Rs 800/-. The Society should, if although the R.C.S. has justified the grant of Rs 1250 per shed in para 1 of his letter on page 5 C/ it requires a shed costing more than this amount, meet the extra cost from its own funds.

Again the pay of the Instructor in the Societies at Palayoor and Pavaratty admitted for purposes of the Govt. subsidy is Rs 30 + 19 (D.A.). When an instructor can be got in South Kanara Dt. on a pay of Rs 30 + 19, it should not ordinarily be impossible to find one on the same pay in the South Kanara Malabar District. The pay and D.A. may be limited at least for the purpose

para 3, p 3 C/

p 5 C/

'Z' on p 5 C/ in 2 F/ Verified from Record

Removed

N

N | Cos | of paying subsidy to Rs 30 + 19 (D.A.), the excess over this rate being met from Society's funds (Share Capital). The training for the member in coir industry proposed is for two months. and the stipend allowed also is for two months. This is the same as was proposed in the Palayoor case and may be accepted. It was considered that the members required the help of the Instructor at least for six months for producing marketable goods and provision was made in the Palayoor case for the six months pay of the Instructor although the sanction was for 2 months. Provision of one year's pay is therefore excessive. It may also be limited to 6 months. The other items of expenditure may be accepted.

3 If the suggestions in para 2 above are accepted the total subsidy that may be payable to the Co-op. Society will come to Rs 5278/-, against Rs 6688/- proposed. Finance may agree to this being sanctioned.

Recurring - 2128
Non-Recurring - 3150
5278/-

FIRST ASST. SECRETARY TO GOVT. 13 JUL DEVELOPMENT DEPARTMENT

Dy 18.7.49 (S.P.Gd)

Dy 20 VII

8

To A.S. (Dev.Dept.)

Please see Fin. note on pp-6-7 above and the Registrar's letter on pp.9-12 c.f.

Fin. have suggested that the subsidy towards the cost of a shed at Ullal should be limited to Rs.800/- and the Society should be asked to bear the extra cost from its funds if it requires a shed costing more than Rs.800/-. They have also stated that for the purposes of subsidy towards the cost of employment of an instructor, the pay and D.A. may be limited to Rs.30 plus 19 (D.A.) and that excess over this rate might be met from the Society's funds. They have also suggested that the employment of instructor may be limited to 6 months.

~~For the reasons given in his letter on pp-9-10 c.f.~~ in his letter on pp9-10 c.f. The Registrar has stated that the Society is intended for ex-tappers and their share capital will be very small and hence they will not be able to meet the extra cost on account of the construction of sheds or staff.

He has stated that the subsidy requested viz. Rs.1,250/- per shed is far below the cost of construction estimated by the Dt. Industries Officer viz. Rs.2,300/-. He has also stated that it is not possible to secure an instructor on Rs.30+19 (D.A.) The Regr. is agreeable to the suggestion that the Instructor might be sanctioned for 6 months. In the circumstances the Regr.'s recommendation to sanction a subsidy of Rs.2,500/- for the construction of two sheds and Rs.402/- towards the pay of the Instructor might be accepted in this Department.

Fin. may see with ref. to their note on pp.5-7 above.

Finance (Exp A)

(previous Finance note on pp 5-7 above)

The letter from the R-C-S. on pp 9-10 ~~c.f.~~ and the Dept. note on p. 8 above may be perused.

2. The scheme under consideration is a new scheme and there is no ~~budgetary~~ provision for it in the Budget Estimates for 1949-50. The financial situation of the Govt. has changed with the decision of the Govt. of India to reduce the Post war development block grant from Rs 500 lakhs to Rs 400 lakhs and ~~refusing~~ not to give us any loan in the current year and the probability of getting no grant for Dept. schemes in 1950-51. The resources available for financing schemes of capital expenditure other than Postwar Reconstruction schemes are therefore very limited and Heads of Departments have been requested to slow down the execution of such schemes and keep the actual expenditure during the current year as low as possible. ~~and to~~ Instructions have also been issued that as a rule no new schemes should be proposed in future for introduction in the course of this year except for very special reasons

in Memo 57293A PWR-3 dy 12.10.49 (not put up)

3. In the present case there are no very special reasons for justifying the introduction of the scheme in the course of the current year. In these circumstances, Finance may advise against the proposal.

Please see below OB 26.x.49

AS

~~D.A.~~ 25.10.49 25.10.49.

As the Scheme is intended for the benefit of ex-tappers and as the extra cost involved is not large (Rs. 2236 recurring and Rs. 4050 non recurring), Finance may ~~agree~~ advise that the Scheme be brought forward and considered as a Part III Scheme for 1950-51.

DEV. DEPT.

SUMMARISING NOTE.--

The file relates to the proposal submitted by the R.C.S. for the organisation of a coop. society for coir making at Ullal in the S.K. Dist. for the benefit of ex-tappers and for running a training unit under the auspices of the society. It is proposed to impart training to 48 (24 men and 24 women) members in the manufacture of superior variety of coir yarn and to give a stipend of Rs. 15/- each per mensum during the training period. It is reported that society will not be able to meet the expenditure as the share capital which it can collect will be very small. It is proposed to grant subsidy to the society to meet recurring and non-recurring expenditure for the above purpose.

para 2 p1cf

-do-

para 3 p2cf

para 4 p2cf

2. Finance Deptt. suggested that the subsidy towards the cost of a shed at Ullal should be limited to Rs. 800/- and the society should be asked to bear the extra cost from its funds if it requires a shed costing more than Rs.800/-. They also stated that for the purposes of subsidy towards the cost of employment of an instructor, the pay and D.A. might be limited to Rs. 30 plus Rs.19 (D.A.) and that excess over this rate might be met from the society's funds.

M and N on pp6-7 abov

The Registrar who was consulted on the suggestions has now stated that the society is intended for ex-tappers

L on p1cf

and the share capital will be very small and hence they will not be able to meet the extra cost on account of the construction of sheds or staff. The subsidy requested ~~by~~ viz., Rs. 1,250/- per shed is far below the cost of construction estimated by the Industries Officer viz., 2,300/- and it is not possible to secure an instructor on Rs. 30 plus Rs.19/- (D.A.). This Deptt. has proposed to accept the R.C.S.'s recommendation to sanction a subsidy of Rs. 2,500 for the construction of sheds and Rs. 402/- towards the pay of the instructor for 6 months.

3. The estimate of expenditure involved to Government will be as follows:-

NON-RECURRING:-

1. Construction of 2 sheds at Rs.1250 each:	2,500
2. Cost of 8 sets of charkas at Rs.25/- per set:	200
3. Cost of one willowing machine:	250
4. Cost of sundry tools and implements:	100
5. Coir fibre for conducting the training:	1,000
	4,050

RECURRING:-

1. One Instructor on Rs.45 plus 22 D.A.p.m. for 6 months:	402
2. One clerk on Rs. 30 plus 19 D.A. for 6 months:	294
3. Contingencies for 6 months:	100
4. Stipend at Rs.15/- p.m. for 48 trainees for 2 months:	1,440
	2,236

Finance Deptt. has pointed out that the scheme is a new scheme not provided for in the Budget estimates for 1949-50 and that in view of the changed financial conditions instructions have been issued to all Heads of Departments to slow down the execution of schemes of capital expenditure other than P.W.D. Schemes and ~~kkm~~ to keep the actual ~~xpx~~ expenditure during the current year as low as possible. Instructions have also been issued that as a rule no new schemes should be proposed in future for introduction in the

180 861 28/26/49

course of this year except for very special reasons. Fin. has therefore advised that as the scheme is intended for the benefit of ex-tappers and as the extra cost involved is not large the scheme may be brought forward and considered as Part II scheme for 1950-51. Submitted that all schemes connected with the Prohibition (Ameliorative) Programme are being considered as emergent and introduced in the current year. In the circumstances, it is for orders whether this scheme may be introduced in the current year or brought forward as a Part II Scheme for 1950-51.
